- 66 6. Old Business
- 67 a. Default Budget
- 68 Mr. Dargie discussed RSA 40:13 IX (b) that provides the definition of the default budget. He  
69 expressed his opinion that position eliminations should not be considered to be one-time  
70 expenses, and that the addition of new expenses such as the Career Development Specialist  
71 should not be added.
- 72 Mr. Carvell moved that the motion from the previous meeting to set the default budget at  
73 \$39,398,216 be taken “off the table”. This was seconded by Mr. Willette. The motion  
74 passed 5-0.

- 81 Mr. Drew stated that the addition of the career development specialist would set a  
82 dangerous precedent.
- 83 Business Administrator Jennifer Burk discussed her methodology for calculating the default  
84 budget.
- 85 The motion to set the default budget at \$39,398,216 passed 3-2, with Mr. Dargie and Mr.  
86 Drew in opposition.
- 87 b. Budget Work Session

88 At the previous meeting the board voted on a bottom line number for the proposed  
89 operating budget. Mr. Dargie explained that due to a calculation error that he made during  
90 the previous meeting, the amount that was voted on was in error, and that the budget  
91 amount should have been \$39, 643,423. Mr. Dargie discussed the cuts that were accepted  
92 and not accepted at the previous meeting. Mr. Dargie made a motion to change the  
93 proposed budget amount to \$39,643,423. Mr. Mannino seconded the motion. The motion  
94 to change the proposed budget amount passed 5-0.

95 Mr. Dargie explained the budget committee's worksheet that was an exhibit on the agenda.  
96 Mr. Dargie stated that the budget committee is still working on their proposal and that the  
97 proposed amount is subject to change. He stated that there were a number of differences  
98 between that budget committee's proposal and the school board's proposal, but that the  
99 most significant one is that the budget committee's budget includes the elimination of six  
100 positions as compared to the elimination of one position that is included in the school  
101 board's proposed operating budget. The budget committee's budget is approximately  
102 \$300,000 less than the school board's proposal. This amount is approximately equal to the  
103 additional five positions that the budget committee is recommending be eliminated.

104 c. Capital Expenditures Warrant Article

105 Mr. Dargie had asked the administration to provide a list of proposed additional items to be  
106 completed should the cost of the work outlined on the original list be less than originally  
107 estimated. The list of additional items was reviewed. Business Administrator Jen Burk will  
108 confer with counsel regarding the specific language of the warrant article that would allow  
109 the school board to complete the additional items if funds were available without having to  
110 go back to the voters for additional approval. Mr. Dargie stated that he is in favor of a 10  
111 year bond at a 2.55% interest rate for a total bonded amount of \$3 million. He noted that  
112 Heron Pond's bond is retiring in 2020.

113 Mr. Dargie moved that the capital expenditure warrant article be set at \$3,000,000 with a  
114 bond term length of 10 years. Mr. Carvell seconded the motion. Motion passed 5-0.
