

Exciting News From the Milford School District!
Milford Has Made A System Change That Impacts Your Student(s)

Dear Milford Families:

You are seeing this communication because the District is offering an online service to help you better manage your child's school meal account. You now have the ability to check your child's school meal account balance online, as well as make payments with your Visa, MasterCard, Discover, or American Express.

In addition to helping the school take advantage of the latest technology, this service is a great convenience to you. By utilizing www.EZSchoolPay.com, you will not have to wonder if the check you wrote for meals actually made it to school and your children will be assured that meals will continue uninterrupted.

Features and Options:

- Send payments faster and directly into your child's meal accounts: Payments are credited within 10 minutes.
- Mobile applications: EZSchoolPay is available from your device's app store and are available for iPhone, iPad, and Android devices. Receive alerts of low balances, make payments for your child's meal account, and purchase items from the school store.
- Low Balances: Receive alerts when your child's balance drops below a certain balance.

If you would like to take advantage of any of the features mentioned above, you must create an online account with www.EZSchoolPay.com. Getting started is easy! The website will guide you to create an account and link your student(s) to the account before entering a credit/payment.

You can search for your child by either using the child's student ID number or birth date and the child's last name.

The Milford School District's Food Service department strives to provide a balanced nutritional program for all students, and to provide support and options for parents. If you have any questions, please feel free to contact the Food Service department at your child's school.
