

Pre Bid Questions
MHS Piping Project

Q. Do you need our proposal broken out, base price then an add for frequency drives, pumps, freeze stats etc.

A. No, I would like one price for all that is included. There will be an addendum that will be sent out later today that I would like to have priced separately.

NOTE: Deadline for Bid has been changed to April 17, 2017 at 11:00 am.
