July 17, 2017

Dear Parents and Guardians:

As you know the Milford School Board proposed to offer a pilot Full Day Kindergarten program for the 2017-18 school year. At that time it was made clear that this was to be a self-funded program - funded through student tuition. This past Spring the voters of Milford approved this program.

Going into the summer months, after we opened up Kindergarten registration, it was anticipated that we would have 32 students registered for the program. Unfortunately, as of today, twenty one (21) students have actually registered. Consequently, the low number of registrants does not allow us to fund the program. Regrettably we will be unable to offer your son / daughter the opportunity to attend the Full Day Kindergarten program.

By the time you received this letter you should have been contacted by personnel from the Jacques school who will speak with you about this and inform you which half day Kindergarten session your son / daughter will be attending. If someone has not contacted you by the time you receive this letter please call the school at 673-4434

I am sincerely sorry to share this news. It was my hope and the hope of the School Board that this would have been a program that would have truly benefited students and families - and as a result would have been expanded in the following year(s).

Sincerely:

Bob Marquis  
Superintendent of Schools  
Milford NH
