

# The Year in Review

## Highlights & Accomplishments

### Staff Highlights:

This year we had staff honored and highlighted with Key Awards and State recognitions:

- \* Rich Paiva, our ATC Director was recipient of the 2018 Work-Based Learning Coordinator Champion Award
- \* Suzanne Schedin, the teacher for our Gifted & Talented program at Heron Pond, won the NH STEM Excellence in Teaching Award for 2019
- \* Coach Russ Matthews was named the United Soccer Coaches Association 2018 Division II NH Coach of the Year
- \* Martha Sareault, a 3rd grade teacher at Heron Pond Elementary, was Awarded a 2019 Acadia Teaching Fellowship - She will spend six weeks this summer committed to learning about diverse natural and cultural resources, and ways to protect them. Fellows are expected to work on an education project for the park and prepare a place-based lesson plan that will be used in their classrooms and posted on the park's website. Teacher fellows will leave the park with the resources to develop tailored, curriculum-based units.

*This list is by no means complete, but only the highlights we've gathered so far. We look forward with great anticipation for what all staff have in store for our district next year!*
